# INTRODUCTION

THE DRAWING has a special position in the visual arts. Its vitality lies in its spontaneity; it offers as well an insight into the artist's vision which the complexity of the finished painting often obscures. The drawing communicates an idea with a minimum of means, supplying in a line—or wash—a purity of expression which a painting can seldom do. It is with these thoughts that we selected the forty-four drawings by artists throughout the Dominion.

P. A. TOMORY

AUCKLAND CITY ART GALLERY, April, 1959
