

# PRINTS

JUNE 26 JULY 31

**AUCKLAND  
CITY  
ART GALLERY**

**1970**

# introduction

This exhibition of original prints has been compiled from our Permanent Collection.

It consists of contemporary works from various countries, mainly European, which demonstrate a diversity of print technique, subject-matter, and personal style.

As well as individual works, two complete sets of prints are displayed — Paolozzi's "Empire News and Moonstrips", and Grieshaber's "Carmina Burana Suite".
