

A CREATIVE PROJECT

Bottled mischief

This is a quick and fun activity. You'll make your own version of a ship in a bottle, except this time it's you! Make this using an existing photo or drawing, or – if you can print photos at home – pose for a new picture especially to go in the jar or bottle.

Instructions:

- 1 Clean any labels off the jar or bottle.
- 2 Draw or add any extras to your photo – such as fairy wings, crowns, animals, anything! Trim the photo/drawing so that it fits in the jar/bottle.
- 3 Roll up the image and insert into the jar/bottle – you may need to use tape to secure it to either the base or the lid if it looks like it will fall over.
- 4 Add any other things you want to the jar – flowers, sand, shells, stones, leaves.

Extra for Experts

If you have access to a laminator or to some clear book-covering film, you could cover your image and add it to a bottle of clear soap or hand sanitiser!

Share a photo of your creation and tag us using #AucklandArtGallery, #ArtBubbles and #AAGTOTFromHome.

Materials

Glass jar or bottle – any size or shape, with lid or without

Scissors

Photo (or drawing)

Cellotape (optional)
