

A CREATIVE PROJECT

Lightbulb landscape

Inspired by Bill Culbert's light bulb moments. Lightbulbs often symbolise an idea. What's your idea for the world? Create a dream landscape inside your light bulb.

Materials:

Printed lightbulb template, scissors, pencils, glue sticks, felt pens, coloured pencils and magazines.

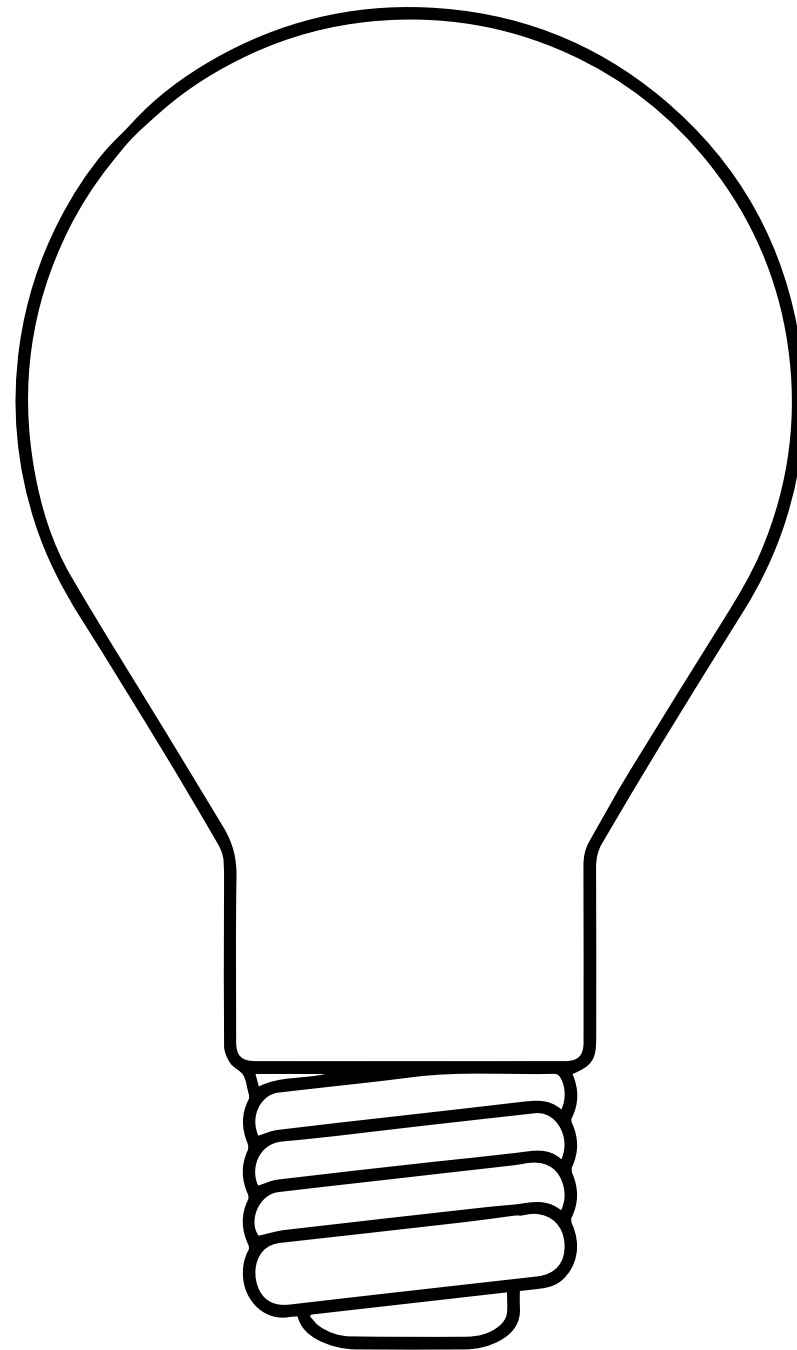

Instructions:

- 1 Print off the lightbulb template.
- 2 Design a dream world inside your light bulb – what is your idea for the world? You can draw it or cut out images or words from magazines to collage it.
- 3 Decorate the background too. Make it different to what is going on inside your lightbulb
- 4 Share your lightbulb idea with your family, and with us using [#AucklandArtGallery](#) [#ArtBubbles](#) and [#AAGTOTFromHome](#).
