We couldn't be more excited to bring you the very first **We The Young** – a brand new arts festival celebrating young people and their loved ones, right here in the heart of Tāmaki Makaurau!

We The Young is a joyful celebration of art, imagination and adventures. With over **19 incredible shows, events and experiences** to explore, and more than half completely free, we're lighting up the city this September and you're invited!

Step into a magical forest made entirely of paper, catch an international theatre sensation, or test your skills in a speed-painting showdown. Whether you're 6 months or 16 years old, there's something here for you – no matter your age, stage, or artistic vibe.

So come as you are, watch a show, get onstage, or have a play in **Aotea Square**, most of all, try something new! Because word on the street is that we are taking over the city!

CREATION CREATION

How did we get here? Are aliens real?
And is it possible to lick your elbow?

Based on interviews with members of the community aged between 8-102, **Creation Creation** is a moving family comedy about life's biggest questions.

We've asked two fearless creators to step onto the stage and attempt to unravel the mysteries of the world using whatever tools they have at their disposal.

Cardboard boxes become battleships and ping pong balls become planets in this hilarious explosion of art, sculpture and puppetry.

A daring journey to the very edge of the universe and back again.

PAPER PLANET

Paper Planet is child-led, deeply involving and highly sensory, and sure to delight the whole family.

Paper Planet is a universally accessible experience that families find inspiring and utterly captivating.

Children and families are invited into a forest of tall cardboard trees and after exploring the space, they add to this strange and delicate planet using only paper, tape and their imaginations.

Theatre and play merge in this magical place, as creatures, plants, costumes, characters, stories and adventures spring to life.

Paper Planet grows as more families visit, and every session is truly unique as imaginations go wild.

Children choose how they interact with the performers and with other children; some children find themselves absorbed in quiet making, and others prefer to play and explore.

THE TANTRUM

It's cosy at home with a warm bed, familiar faces and toast for three. *But what's just out the door?* Time to venture a little further, off into the window and into the wide world. And wow what a world!

A wondrous, wacky and wildly overwhelming world far from the comforts of home. Challenges come thick and fast from all directions and it's only a matter of time before it all becomes too much for our adventurers. *They know how to start a Tantrum, but do they know how to stop one?*

Java Dance Theatre brings you their signature style of interactive dance, theatre and live music.

Inspired by labyrinths, make believe and the games you make up in your lounge, **The Tantrum** is a treat for the imagination and a little relief for anyone who has ever thrown their toys.

The Tantrum uses music, dance and the imagination to tackle big, difficult, unruly, sticky, hard-to-figure-out, emotions.

A vibrant, interactive performance for tamariki aged 3–7 years and their whānau.
