

SHIPWRECKS & SAFETY

WHAT CAUSES SHIPWRECKS? HOW CAN YOU SURVIVE A SHIPWRECK?

PROGRAMME OVERVIEW

Discover the stories of Aotearoa New Zealand's worst shipwrecks. Learn how these lessons learned have made us safer at sea.

In this educator-led workshop, students will uncover New Zealand's seafaring history through the lens of shipwrecks and safety. Students will explore life-saving innovations and make decisions for survival.

This workshop is complemented by a self-guided trail to discover the Museum's shipwreck related stories and technologies. Students will work in small groups, led by their adult supervisors.

Book a TED ASHBY harbour sailing with this programme.
