

TRANSPORT

WHY HAS TRANSPORT CHANGED OVER TIME?
WHAT WILL TRANSPORT LOOK LIKE IN THE FUTURE?

PROGRAMME OVERVIEW

Discover the many modes of transport used by Aucklanders - from ferries and buses, to trucks and cargo ships

In this educator-led workshop, students will learn about the past and present transport types. They will be encouraged to reflect on the options for future transport.

Our experienced teachers will take them on a guided walking tour along the waterfront where they will discover the many changes to transport and the issues needing to be solved.
