

## Conservation Week 2026 *celebrate by colouring in the tara iti*

**Tara iti are one of Aotearoa New Zealand's most endangered birds, nesting on shell and sand banks just above the high tide mark.**

2026 is the sixth year of our conservation recovery programme with the Department of Conservation. The goal of this project is to boost numbers of tara iti whose population is currently at less than 50 individuals.

Go in the draw to win a prize pack from the Zoo Shop. Drop your completed colouring sheet to the Zoo Shop to receive a voucher for a free ice block. Or take a photo and email it to [community@aucklandzoo.co.nz](mailto:community@aucklandzoo.co.nz) (email submissions do not qualify for a free ice block voucher).

Competition closes Sunday 3 May 2026. Prize winner will be drawn and contacted on Tuesday 5 May 2026.
