

# Get *wild* for wildlife

Auckland  
**ZOO**

Principal Partner

**mazda**

# Whakahirahira (wonder)

*Brainstorm time!* What animals are you interested in? What questions do you have?

Top five animals:

- 1.
- 2.
- 3.
- 4.
- 5.

Your chosen animal:

# Akohia (learn)

What can you find out about your chosen animal?

**Habitat:**

**Diet:**

**Adaptations:**

**Behaviours:**

**Picture:**

Five interesting facts you have learnt:

1.

4.

2.

5.

3.

*For example: cheetahs can run about 110 Km/hr  
or kererū can swallow a whole karaka berry without chewing!*

# Mahia (do)

What can you do to help your chosen animal survive and thrive in the wild? What are the issues facing your chosen animal in the wild?

## Brainstorm

What are some of the things you could do to help this animal in the wild?

**For example:** to help endangered NZ birds put up posters to remind dog owners to keep their dog on a lead where there are nesting birds.

# Tohatohaina (share)

How can you tell others about the issues facing your chosen animal and get them to *take action* to help them in the wild?

## Brainstorm

What are all the ways you could share your message with others?

---

Choose one of your ideas and make a plan!

# Maheretia (plan)

Plan your entry into Auckland Zoo's  
'Get *wild* for wildlife' competition.

**Design your 6 slides or  
3 minute video here.**

Use these boxes to plan how you want  
your slides or videos to look! If you need  
more room, flip this over and draw some  
more boxes.
